

Blood samples keep you active on the list!

To get organ offers for you, we need a blood sample EVERY MONTH.

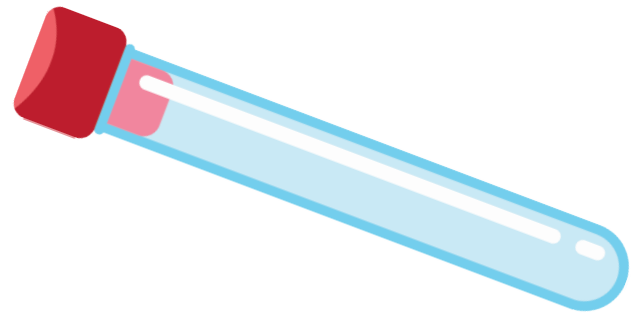

1 You will receive 2 packages in the mail.

- One will be a box from “KSL” with several blue return mailer boxes inside
- One will be a lab order form, and your blood sample tube label.

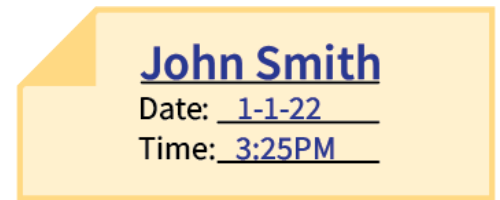

2 Get your blood drawn.

- Blood draws can be done at a dialysis center, or other locations.
- Make sure the blood sample tube has a **red top**.

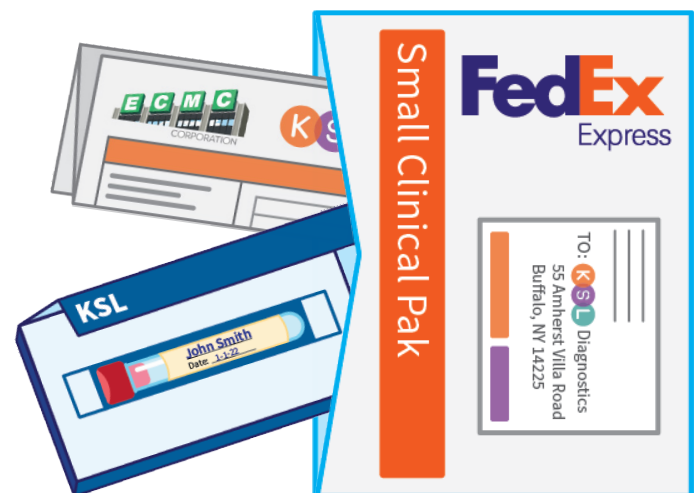

3 Label your blood sample tube.

- Write the date and time on the blood sample label that you received in the mail.
- Stick the label on the blood sample tube.

4 Mail your sample back the same day you get it drawn.

- Insert the blood sample tube into the return mailer box from KSL.
- Put **KSL Box and Lab Order Form** into FedEx package.
- Add shipping label.
- Pay postage (not included).

If you have any questions or problems, call us at (716) 898-5001.
